

Illusion of Flavours

Prologue

Welcome to the World of Smoke & Mirrors!

The origins of most Classic Cocktails as we know them, despite copious research and studies, remain debatable even today. What is clear though is as mixology evolved over the years, so has the flavours of these classics along with the progression of their recipes.

Taking inspirations from Classic Cocktails and combining art, artistry and chemistry, "Illusion of Flavours" was invented to excite and intrigue our senses. Placing strong emphasis on flavours, these innovations are the results of endless experimentations using a wide array of ingredients as well as modern tools and techniques.

As the name suggests, there is more than meets the eye with "Illusion of Flavours". A sensorial surprise awaits every cocktail signature in this menu. Take a sip and join me in my imaginative world filled with flavours, aromas, fun and complexity.

A stylized, handwritten signature in black ink, appearing to read 'Jorge A. Conde'. The signature is fluid and cursive, with a prominent loop at the end.
